Who we are?

Defaf Al-Nahrain Company (DNC) is one of Jordan' largest producers of beverages and snacks.

DNC produces multiple types of beverages and snacks in a variety of packaging formats and sizes, including carbonated soft drinks, concentrated and floats juice products, energy drinks, still and sparkling water, non-alcoholic beer, iced coffee, iced tea and chips snack.

Since our Foundation 40 years ago, we have remained a fully family owned business for many generations.

Our motivated staff members and the constant fighting for high quality form the basis for our success, making DNC not only a family friendly company but also one of the leading beverage producers in Jordan and Middle East.

Since 2014 the company turnover has doubled, mostly as result of strong export sales.

Today DNC has production sites in Jordan and Iraq with many coming ones in other countries.

Vision

To be the consumer' first choice in the beverage world.

Production & Quality

Operating in Jordan and Iraq, DNC boasts some of the most technologically advanced production capabilities in the region.

This includes the company's lab facilities, which employ the most state-of-the-art microbiological testing systems available, ensuring that all of its products meet and exceed international quality standards.

Export

DNC is a leading supplier of beverages to not just Jordan and Iraq, but all over the world.

Over half of our production is exported overseas and we are currently looking for established partners in overseas countries to grow our presence in various markets.

B2B

We are not only a brand manufacturer but also a bottling contractor. In the area of co-packing, we provide certain solutions for carbonated soft drinks, fruit juices, fruit drinks, energy drinks, iced teas, special drinks and other soft drinks. Our many years of experience as a drinks manufacturer makes us a skilled partner for contract bottling.

Our Partners

Esarom is our partner in our unique tastes. Austrian Esarom was founded in 1946.

It is considered a leading supplier of taste giving ingredients to the food industry and the producers of beverages worldwide.

Quality is the basis for a trusting and long-term cooperation with ESAROM partners.

- Quality and product safety – made in Austria
- Production according to EU-standards and EU-food law
- Food safety: ISO 22000
- Management system: ISO 9001:2015
- Awarded the Austrian national coat of arms
